**FY2025 Unified Planning Work
Program**

Unified Planning Work Program for the Valdosta Urbanized Area

FY2025

July 1, 2024 - June 30, 2025

SOUTHERN GEORGIA
REGIONAL COMMISSION

REGIONAL SERVICES • COMMUNITY FOCUSED

April 11, 2024

The contents in this publication reflect the views of the author(s), who is (are) responsible for the facts and accuracy of the data presented herein. The opinions, findings, and conclusions in this publication are those of the author(s) and do not necessarily reflect those of the Department of Transportation, State of Georgia, the Federal Highway Administration, or the Federal Transit Administration. This publication does not constitute a standard, specification or regulation.

The Southern Georgia Regional Commission as designated VLMPO for the Valdosta Urbanized Area provides staff and programmatic support for the VLMPO and is an Equal Opportunity Employer and Service Provider. Qualified persons are considered for employment or for receipt of services without regard to race, color, religion, sex, sexual orientation, national origin, age, or disability.

This document is prepared in cooperation with the Georgia Department of Transportation, the Federal Highway Administration and Federal Transit Administration.

The VLMPO public participation process for the development of the TIP meets the Federal Transit Administration's (FTA) public participation requirements related to the development of the Section 5307 Program of Projects.

The Southern Georgia Regional Commission as the designated VLMPO for the Valdosta Urbanized Area ensures that all VLMPO products and programs fully complies with Title VI of the Civil Rights Act of 1964 and related statutes and regulations in all programs and activities. SGRC's website (www.sgrc.us) may be translated into multiple languages. Publications and other public documents can be made available in alternative languages or formats, if request

RESOLUTION

RESOLUTION FY2024-6

VALDOSTA-LOWNDES METROPOLITAN PLANNING ORGANIZATION POLICY COMMITTEE RESOLUTION TO Adopt the FY2025 Unified Planning Work Program

WHEREAS, in accordance with the U.S. Bureau of the Census officially designated Urbanized Area Boundaries established May 1, 2002, and updated on November 2012; and

WHEREAS, the Southern Georgia Regional Commission has been designated by the Governor of Georgia as the Metropolitan Planning Organization (MPO) for the Valdosta-Lowndes Urbanized Area in accordance with Federal requirements of Title 23, Section 134 of the United States Code to have a Cooperative, Comprehensive and Continuous transportation planning process; and

WHEREAS, the MPO conducts federally required transportation planning activities that will improve the transportation system and help coordinate the area's future growth within the area bounded, at minimum, by the existing Urbanized Area plus the contiguous area expected to become urbanized within the next 20 years; and

WHEREAS, the U.S. Department of Transportation, prior to the funding of any planning or capital grant project within an urban region, requires the preparation and adoption of a Unified Planning Work Program (UPWP) describing transportation planning activities to be accomplished during FY2025; and

WHEREAS, the FY2025 UPWP addresses the needs for Planning Administration/Management, Data, Data Development and Maintenance, Short range Planning, Long Range Planning, Special Studies, and other planning activities, identifying agency responsibilities by work task and anticipated funding requirements; and

WHEREAS, the VLMPO has developed the UPWP and certifies its' compliance with federal planning requirements as outlined in the introduction of the FY2025 UPWP and in accordance with 23CFR§ 450.308.

NOW, THEREFORE BE IT RESOLVED, that the Valdosta-Lowndes Metropolitan Planning Organization's Policy Committee adopts the FY2025 Unified Planning Work Program as required by Title 23 (USC 134 Section 450.308).

CERTIFICATION

I hereby certify that the above is a true and correct copy of a Resolution adopted by the Valdosta-Lowndes Metropolitan Planning Organization Policy Committee at a meeting held on April 11, 2024.

Paige Dukes, Lowndes County Manager
Chair, VLMPO Policy Committee

INTRODUCTION

As a result of the 2000 Census, in 2003, the Valdosta-Lowndes Metropolitan Planning Organization (VLMPO) was established pursuant to federal law to address transportation planning within Lowndes County and the urbanized portions of Berrien, Brooks, and Lanier Counties, including the municipalities of Dasher, Hahira, Lake Park, Ray City, Remerton, and Valdosta.

In 2003, Governor Purdum designated the Southern Georgia Regional Commission (SGRC), an 18-county regional planning and intergovernmental coordination agency, to host the VLMPO and provide staff support to this planning effort. This legislation and required agreements, such as the (MOU) ensures that a “continuing, cooperative and comprehensive” (referred to as “3-C”) planning process involving federal, state and local agencies, as well as citizens and other affected stakeholders is upheld.

The VLMPO is staffed by the Southern Georgia Regional Commission’s Transportation Department to perform the day-to-day functions of transportation planning activities within the VLMPO planning area. The Policy Committee (PC), comprised of elected officials and other decision makers from each participating jurisdiction, provides final decision-making authority and leadership for the VLMPO. The Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) provide insightful input to the Policy Committee on transportation issues.

Figure 1. Valdosta Urbanized Area (shown with pink line) and the Valdosta VLMPO Planning Area (shown in teal).

VALDOSTA METROPOLITAN PLANNING ORGANIZATION (VLMPO)

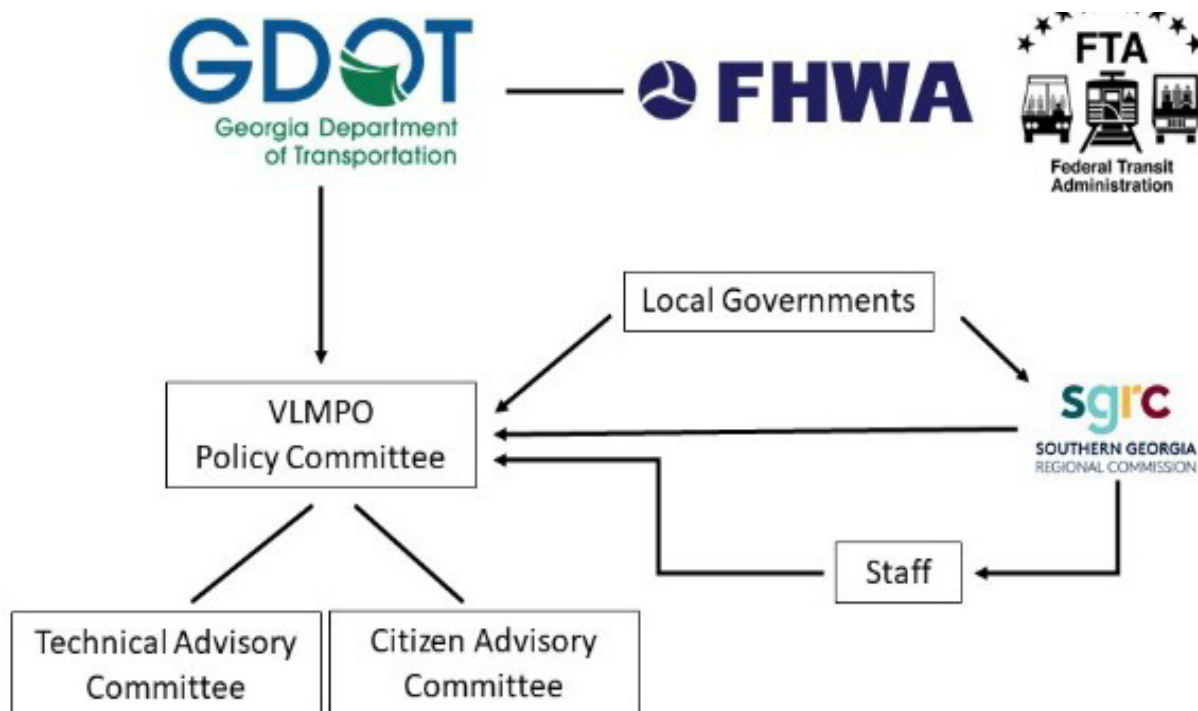

The VLMPO is composed of three committees: the Policy Committee, the Technical Coordinating Committee, and the Citizens Advisory Committee. The planning organizational structure is displayed in Figure 2. The VLMPO is a framework from which transportation planning and decision-making processes are developed. The process involves collaboration among various governmental agencies and units of government and results in a consensus regarding the transportation plans for the urbanized area.

The Policy Committee is a forum for cooperative decision making by principal elected and appointed officials of local governments and inter-modal transportation providers. The Policy Committee is also responsible for taking into consideration the recommendations from the CAC and the TAC when adopting plans or setting policy. The Policy Committee has final authority in the matters of policy and adoption of plans.

The Technical Advisory Committee (TAC) membership includes staff from various federal, state, and local agencies and other associations who have a technical knowledge of transportation or planning. The TAC functions to assure the involvement of all operation departments, advisory agencies, and multi-modal transportation providers involved with the planning process and subsequent implementation of plans. The TAC evaluates transportation plans and projects based on whether or not they are technically warranted and financially feasible.

The Citizens Advisory Committee (CAC) consists of volunteers who are interested in transportation issues. The CAC is responsible for keeping the Policy Committee informed of the community’s perspective and shall also provide information to the community about transportation policies and issues. The CAC ensures that the values and interests of the communities of the region are taken into consideration in the planning process.

Figure 2. VLMPO Organizational Chart

PURPOSE OF THE UNIFIED PLANNING WORK PROGRAM (UPWP)

FHWA/FTA PLANNING FACTORS AND PLANNING EMPHASIS AREAS

The Unified Planning Work Program (UPWP) lists the planning activities for the coming year and provides fiscal information regarding how the funds will be spent as well as staff responsibilities, goals and objectives. The planning funds are appropriated under the authorization of the Infrastructure Investment and Jobs Act (IIJA). Under IIJA the VLMPO shall “provide consideration and implementation of projects, strategies and services that will address” ten planning factors which are to be considered by VLMPO’s when developing transportation plans and programs. Following each planning factor below is a brief narrative on how planning activities and projects work to implement each factor in this UPWP. Also included are the Vision2045 MTP/CCV Objectives for the planning factors, these objectives often overlap to help achieve planning factors and the work elements within this UPWP. The objectives listed under the planning factors below are not all objectives that are applicable to each planning factor; all FHWA/FTA planning factors and Vision2045 MTP/CCV objectives that correspond with each work element listed in this UPWP can be seen in the work element tables:

1. Support the economic vitality of the metropolitan area, especially enabling global competitiveness, productivity, and efficiency;

Projects outlined for staff to undertake in this UPWP work to promote the economic vitality of the metropolitan region, focusing on how transportation can positively impact economic output of businesses throughout the region.

Vision2045 MTP Objectives:

- a) Support Regional Economic Engines through Accessible, Multi-Modal Transportation Systems for the Movement of People and Goods.
- b) Improve Workforce Development Training Through Investments in Affordable, Accessible, Multi-Modal Transportation Systems for the Movement of People.

2. Increase safety of the transportation system for motorized and non-motorized users;

Staff works to promote safety of the transportation system for all users. Staff evaluates crash data and promotes safety programs such as Safe Routes to School among other safety initiatives to help increase the safety of the transportation system.

Vision2045 MTP Objective:

- a) Implement Bicycle and Pedestrian Transportation Projects that Promote an Active, Healthy Lifestyle.

3. Increase the security of the transportation system for motorized and non-motorized users;

The VLMPO, works to increase the security of the transportation system through encouraging and programing funding for technology on transit vehicles and through ITS (Intelligent Transportation Systems) technology applications and infrastructure.

Vision2045 MTP Objective:

- a) Develop Regional Leadership that Promotes Transparency, Citizen Engagement, and Coordinated Planning and Delivery of Transportation Projects.

4. Increase the accessibility and mobility options available to people and for freight;

Staff prepares reports that evaluate mobility options for people and freight and provides project recommendations that can be implemented through the TIP (Transportation Improvement Program) and MTP (Metropolitan Transportation Plan, or locally the Vision2045 Metropolitan Transportation Plan) processes.

Vision2045 MTP Objective:

- a) Encourage Entrepreneurship and Small Businesses through Affordable, Accessible, Multi-modal Transportation Investments.

5. Protect and enhance the environment, promote energy conservation, and improve quality of life, and promote consistency between transportation improvements and State and local planned growth, housing and economic development patterns;

Staff works to implement strategies identified in the Vision2045 Metropolitan Transportation Plan that enhance housing and development patterns, the environment, and improve energy conservation and quality of life.

Vision2045 MTP Objective:

- a) Promote Conservation and Renewable Energy through Alternative Transportation and Fuel Technologies.

6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;

Through various analysis, the staff works to identify projects that can be implemented through the Vision2045 Metropolitan Transportation Plan and TIPs to enhance the integration and connectivity of various transportation modes.

Vision2045 MTP Objectives:

- a) Provide Regional Connectivity through an Efficient, Safe, Accessible, and Affordable Multi-Modal Transportation System.
- b) Support local schools through affordable, accessible, and efficient multi-modal and public transit investments.

7. Promote efficient system management and operation;

Staff ensures that funding is programmed for maintenance and operations of the transportation system for various modes and not just for new capital expenditure items. The staff works with state and local partners to develop performance measures and data to ensure the system meets maintenance and operational targets.

Vision2045 MTP Objectives:

- a) Develop Regional Leadership that Promotes Transparency, Citizen Engagement, and Coordinated Planning and Delivery of Transportation Projects.

8. Emphasize the preservation of the existing transportation system;

Staff ensures that consideration of preserving the existing system is emphasized when considering and in developing financial plans for transportation improvements. Staff also works with state and local partners to develop performance measures to ensure the existing system is preserved and maintained to meet targets.

Vision2045 MTP Objective:

- a) Coordinate with Emergency Responders to Develop Resilient, Well Maintained Transportation Infrastructure.

9. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation; and

The VLMPO works with local and state partners to improve the resiliency and reliability of the transportation system (see Vision2045 Metropolitan Transportation Plan strategies). The VLMPO will work to make sure that all projects address stormwater impacts in the MTP and TIP as appropriate according to jurisdictional stormwater permits.

Vision2045 MTP Objective:

- a) Develop Basic Transportation and Utility Infrastructure that Promotes Resiliency and Reliability.

10. Enhance travel and tourism.

Staff will improve outreach to interested parties to enhance travel and tourism participation in the planning process. The VLMPO will continue to promote bicycling as a form of recreation and tourism for the region.

Vision2045 MTP Objectives:

- a) Support Regional Economic Engines through Accessible, Multi-Modal Transportation Systems for the Movement of People and Goods.
- b) Implement Transportation and Land Use Policies that Support Cultural/Historic Resources and Promote Tourism.

On December 30, 2021, the FHWA Division and FTA Regional Administrators released updated Planning Emphasis Areas. These newly updated planning areas reflect the changes that have been made over the past few years to address various topics that interconnect with creating a sustainable, resilient transportation network. These planning emphasis areas are Tackling the Climate Crisis - Transition to a Clean Energy, Resilient Future; Equity and Justice⁴⁰ in Transportation Planning; Complete Streets; Public Involvement; Strategic Highway Network (STRAHNET)/U.S. Department of Defense (DOD) Coordination; Federal Land Management Agency (FLMA) Coordination; Planning and Environmental Linkages (PEL); and Data in Transportation Planning. The VLMPO will incorporate these planning emphases in the transportation planning process and consideration of projects to help achieve the overall goals of these planning emphasis areas.

1. Tackling the Climate Crisis – Transition to a Clean Energy, Resilient Future

Staff will research and implement best practices for the creation of a clean energy, resilient community through incorporating sustainable goals to include but not limited to alternative fuels, electric vehicles, and vulnerability identification within the network.

Work Program Objectives:

- a) Continue to Inform the VLMPO Committees of Legislative and Regulatory Actions Impacting Transportation Planning.
- b) Continuing Education and Training for VLMPO Staff and Committees that will Enable the VLMPO to Effectively carry out the Transportation Planning Process as it relates to a clean energy, resilient future.
- c) Use the Transportation Planning Process as an Opportunity to Identify and Analyze the Potential for a Sustainable Transportation Network to include Electric Vehicle Charging Stations, Identifying Transportation System Vulnerabilities as it Relates to Land Uses and Environmental Linkages, etc.

2. Equity and Justice⁴⁰ in Transportation Planning

Staff will continue to implement the Public Participation plan to garner the input of underserved and disadvantaged communities to create and improve strategies that create an equitable safe, reliable transportation network and public transit system for environmental justice populations.

Work Program Objectives:

- a) Continue to Inform the VLMPO Committees of Legislative and Regulatory Actions Impacting Transportation Planning.
- b) Staff will Annually Attend Training Events and Continue to Analyze EJ, LEP and Title VI Populations to Ensure that all Populations have Access to Essential Services and an Opportunity to Participate in the Transportation Planning Process.
- c) Develop GIS-based Data Resources to Analyze and Evaluate Social and Environmental Burdens and/or Opportunities of Transportation Improvements.

3. Complete Streets

Staff will review current plans to ensure the inclusion of Complete Streets considerations within the planning of transportation infrastructure projects. The VLMPO will continue to implement its' Complete Streets Policy during the transportation planning process.

Work Program Objectives:

- a) Provide Technical Assistance to Local Engineers and Planners on Topics relating to transportation and land use including: access management, transit-oriented development, complete streets, redevelopment of neighborhoods to include affordable housing initiatives.
- b) In conjunction with other SGRC transportation planning programs, VLMPO staff will coordinate efforts on Safe Routes to School participation, regional bicycle and pedestrian planning activities (such as: complete streets workshops, health and transportation, etc.)
- c) Continue to promote the VLMPO Complete Streets policy and the prioritization of multi-modal projects within the planning process and project consideration.

4. Public Involvement

Staff will continue to implement the Public Participation Plan as well as thoroughly review and update the PP to ensure it is compliant with updates to Federal, State, and Local regulations for public involvement.

Work Program Objectives:

- a) Staff will engage the community through techniques as identified in its Participation Plan to include Virtual Public Involvement.
- b) Staff will work to develop a communications plan to outline the who, what, when, where, why, how, of MPO-related messaging we need to complete.
- c) Review, update and annually report on the status of the Participation Plan, Title VI compliance, EJ outreach, and LEP analysis. Staff will annually attend training events and continue to analyze EJ, LEP and Title VI populations to ensure that all populations have access to essential services and an opportunity to participate in the transportation planning process.

5. Strategic Highway Network (STRAHNET)/U.S. Department of Defense (DOD) Coordination

Staff will work to ensure that coordination with DOD officials as well as local DOD officials located at Moody AFB are a part of the transportation planning process.

- a) Coordinate with VLMPO jurisdictions, FHWA and DOD planning partners to cooperatively develop updates and implement local transportation and comprehensive (and regional) plans and planning efforts that assist in creating an efficient highway network around DOD land and Transportation uses.

6. Federal Land Management Agency (FLMA) Coordination

As coordination in the development and/or changes of the TIP and MTP begins, staff will continue to reach out to VLMPO Tribal Resource Agencies for input and coordination around access to FMLA's.

- a) Coordinate with GDOT and operators of local transit to update and amend the TIP, MTP, and System Performance Report to include but not limited to National and FTA performance targets/measures and projects.
- b) Monitor, amend, and implement the Vision2045 Metropolitan Transportation Plan as a performance-based planning document in partnership with GDOT and local partners in accordance with federal laws and regulations.

7. Planning and Environmental Linkages

Staff will continue to use GIS databases, such as the TEAMap (Transportation Environmental Assessment Map) and data analysis to identify planning and environmental linkages.

- a) Coordinate with local land use planning staff to review local land use developments (zoning requests, subdivision plats, commercial developments, etc.) as to their effects on the local transportation infrastructure and consistency with the goals of the Vision2045 MTP.
- b) Provide technical assistance to local engineers and planners on topics relating to transportation and land use including: access management, transit-oriented development, complete streets, environmental impacts, redevelopment of neighborhoods to include affordable housing initiatives.

8. Data in Transportation Planning

Staff will continue to perform data analyses for transportation initiatives along with the use of various GIS related applications to improve transportation planning outcomes.

- a) Collect and analyze data as it is identified to develop data trends and targets for project selection and prioritization. Continue to report on various data trends that impact transportation planning in the region.
- b) Continue to update data and perform analysis of how freight and goods movement impacts economic development in the region through the use of NPRMDS, disaggregated FAF5 data, and other data resources. Coordinate VLMPO planning efforts with other local transportation modes: railroads, airports, seaports, etc. to inform and influence the planning and implementation of transportation improvements.

UPWP DEVELOPMENT & CONTENT

The UPWP lists the transportation studies and tasks to be performed by the VLMPO staff or a member agency using federal metropolitan planning funds. Because the UPWP reflects local issues and strategic priorities, the contents of UPWPs differ from one metropolitan area to another. The UPWP covers a one-year period and contains several elements:

- The planning tasks (e.g., data collection and analysis, public outreach, and preparation of the plan and Transportation Improvement Program), the supporting studies, and the products that will result from these activities;
- Identifies which IJJA Planning Factors (and FTA Activity Line-Item Codes, or ALIs) are emphasized in each work element (although all planning factors are included in some fashion in each element)
- All federally funded studies as well as all relevant state and local planning activities conducted without federal funds;
- Funding sources identified for each project;
- A schedule of activities; and
- The agency responsible for each task or study.
- A business plan that shows future projections of revenue and projects that are currently unfunded or planned in the future to allow local officials to plan for upcoming planning activities.

The Policy Committee, with input from the Citizens Advisory Committee and Technical Advisory Committee, annually revises and adopts the Unified Planning Work Program (UPWP) in order to comply with federal regulations. This Fiscal Year 2023 UPWP describes: (1) the VLMPO's planning goals and activities; (2) provides cost estimates for each activity; (3) identifies funding sources; and (4) outlines a work schedule for the period July 1, 2024 through June 30, 2025. The UPWP work elements section is organized into five major sections entitled:

- **Part 1 –Program Administration**
- **Part 2 – Public Involvement**
- **Part 3 – Comprehensive Planning/Research**
- **Part 4 – Safe Accessible Transportation Options**
- **Part 5 – Transportation Systems Planning**
- **Part 6 – Business Plan**

The first five sections of the UPWP include information on the parties responsible for carrying out the various planning activities. Defined activities are mostly geared towards the preparation and development of the Transportation Improvement Program and lead to the implementation of the MTP (currently the Vision2045 Metropolitan Transportation Plan) and development and adoption of the next MTP. Public involvement is an integral part of this planning process and is a core feature of numerous planning activities throughout the UPWP.

The VLMPO presently receives funding from two U.S. Department of Transportation (US DOT) sources: Federal Highway Administration (FHWA) planning (PL) funds are used for VLMPO planning; and Federal Transit Administration (FTA) provides 5303 funds for metropolitan planning. PL funds are distributed contractually (through the Georgia Department of Transportation) under an 80-20% split, of which the Federal portion is 80%, the Southern Georgia Regional Commission contributes 4%, and the City of Valdosta and Lowndes County share the remaining 16%. FTA 5303 funds do receive a 10% match from GDOT; the Southern Georgia Regional Commission contributes 2%, with the City of Valdosta and Lowndes County splitting the remaining 8%. Please note that while the Southern Georgia Regional Commission

includes the work of the VLMPO as well as other various transportation and non-transportation programs, the PL funds programed in this UPWP are required to be spent for transportation planning purposes as outlined by federal statute and regulations within the Metropolitan Planning Area only.

To better facilitate grant applications for the FTAs 5303 funds the estimated FY2026 funds are shown for the appropriate work categories.

UPWP AMENDMENTS

From time to time, organizational budgets and work programs cannot be implemented as planned due to unforeseen circumstances. For this reason, the VLMPO is able to amend its UPWP and budget in two ways:

- An Administrative Modification can be completed by the staff without formal action from the VLMPO Policy Committee. An Administrative Amendment involves modifying the dollar amount in any work element, as long as the overall budget remains unchanged. Documentation of an Administrative Modification includes a letter describing the amendment sent to GDOT and the Policy Committee members.
- An UPWP Amendment requires the staff to present to the VLMPO Policy Committee significant changes to the work scope and/or changes to the overall budget amount for the UPWP. Amendments are presented at a meeting of the Policy Committee (and CAC/TAC if available in a timely manner) and require an affirmative vote by the members to become effective.

FY2025 UPWP HIGHLIGHTS/PRIORITIES

In FY2025, the VLMPO will continue the transportation planning process for the 2050 Metropolitan Transportation Plan (MTP) while concurrently advancing the ongoing implementation of the current 2045 Metropolitan Transportation Plan (Vision2045). This involves the culmination of studies and reports conducted by either the staff or external consultants. The primary emphases during FY2025 will be on the 2050 MTP process and plan, the FY26 Unified Planning Work Program, and Planning Emphasis Areas. Studies completed in fiscal year 2024, along with additional plans and reports slated for completion in FY2025, will continue to play a role in establishing and maintaining a reliable transportation network. Furthermore, staff will persist in executing the Fiscal Year 2024 - 2027 Transportation Improvement Program (TIP) and will diligently monitor project progress within this program. Technical support will be extended to the City of Valdosta by analyzing public transit data and producing various reports to aid in the sustained implementation and monitoring of the Valdosta On-Demand public transit system. The VLMPO has successfully crafted both an Electric Vehicle Implementation Strategy Plan and a Low Impact Development Policy. Efforts in FY2025 will also focus on executing recommendations derived from both plans to further enhance transportation initiatives during the fiscal year.

VISION2045 MTP AND CCV TRANSPORTATION OBJECTIVES

In January 2014, the VLMPO Policy Committee adopted a Common Community Vision (CCV) for Greater Lowndes County. In the recently adopted MTP, the CCV goals and MTP objectives are integrated into a table with the national goals and FHWA planning factors. These transportation objectives are meant to guide implementation of various planning efforts including the VLMPO Metropolitan Transportation Plans and Transportation Improvement Programs. The Vision2045 MTP/CCV transportation objectives contain goals for transportation projects and programs, local government transparency and other transportation

related topics. The UPWP is the ideal place to carry out the objectives identified within these documents. On the following work element pages, the Vision2045 MTP/CCV transportation objectives are identified by number as they relate to each work element. The integrated Vision2045 MTP/CCV objectives table can be found on page 28. More detailed information about these objectives, including the CCV Report and the Vision2045 MTP, can also be found on the SGRC website at www.sgrc.us. The Common Community Vision for Greater Lowndes County will be updated during the 2050 MTP process to include vision and goals based on the Bipartisan Infrastructure Law and the Infrastructure, Investment, Jobs Act, as both new policies and funding opportunities have been a major part of this legislation.

PUBLIC PARTICIPATION

The VLMPO maintains a Participation Plan encompassing an analysis of Environmental Justice areas, Title VI (Civil Rights Act) compliance, and other components guiding public involvement. This document undergoes annual review and adjustments, as necessary, to ensure the ongoing delivery of transportation planning activities and projects to the community. Encompassing all areas within the Metropolitan Planning Area and all populations within its jurisdiction, this UPWP outlines actions by staff to execute sincere efforts in involving all stakeholders in the transportation planning process.

This UPWP emphasizes the staff's commitment to ensuring genuine efforts are made to engage all interested parties in the transportation planning process. Initiatives will be undertaken to continue involvement in populations residing in identified Environmental Justice areas (refer to Vision2045 MTP). Additional and innovative strategies will be employed to engage organizations representing Environmental Justice populations. The Participation Plan work element delineates specific tasks that the VLMPO will undertake this year to connect with and involve individuals within specified Environmental Justice characteristic groups.

1. PROGRAM ADMINISTRATION

1.1 VLMPO Administration

Objective	To implement the VLMPO's overall transportation planning vision by administering the activities identified in the UPWP and managing the organization.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
1, 2, 3, 4, 5, 6, 7, 8, 9, 10	1, 2, 3, 4, 5, 6, 7, 8	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
44.21.00	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	
Previous Work	VLMPO Committee Meetings and Contract Compliance, VLMPO MOU, Strategic Plan, Records and Financial Management and Maintenance	
FY25 Activities		
<p>Adhere to Federal and State regulations by maintaining accurate records for contracts overseen by the VLMPO. Coordinate meetings for VLMPO committees and oversee transportation planning efforts within the VLMPO area. Revise the VLMPO Memorandum of Understanding (MOU) as needed to encompass all relevant parties and regulatory requirements. Update the VLMPO Committee orientation handbook as necessary to familiarize new committee members with the VLMPO transportation planning process.</p> <p>Collaborate with the Georgia Association of MPOs (GAMPO) and other state and national organizations on the role of VLMPOs in statewide and metropolitan transportation planning. Support GAMPO activities through active participation in meetings and events. The VLMPO will maintain its membership in AMPO (organizational dues estimated at \$500), and NADO (organizational dues covered by non-VLMPO related funding sources) while considering additional organizational memberships as deemed appropriate. It's important to note that these memberships are organizational, not personal.</p> <p>Continue to report on and execute the goals of the Common Community Vision, particularly those related to transportation and accessibility/improvements in economic and workforce development, education, housing, land use, and health. Implement recommendations from the VLMPO Strategic Plan, using it as a guide for developing the 2050 MTP, executing the Vision2045 MTP, and addressing future UPWP work elements. Implement any suggestions aimed at enhancing VLMPO processes identified during the FY21 GDOT Certification Review of the VLMPO transportation planning process.</p> <p>Keep VLMPO committees informed about legislative and regulatory actions impacting transportation planning and funding. This involves monitoring and implementing requirements from the Infrastructure Investment and Jobs Act (IIJA) and Build Back Better Initiative Legislation (BIL) within VLMPO programs and projects.</p> <p>The SGRC will continue to assign staff to carry out VLMPO activities. This staff will serve as local experts in transportation, offering assistance to planning partners in transportation project development, fostering consensus, and adding value in alternatives analysis. They will also facilitate shared planning products and provide a platform for regional decision-making. Collaborating with GDOT and surrounding jurisdictions/agencies, staff will uphold a comprehensive, coordinated, continuous, regional, multi-modal transportation planning process. The VLMPO will maintain a planning document schedule for local officials to enhance their understanding of the planning process.</p>		
Products	Committee Agendas/Minutes, Annual Report, Contract and Financial Management, Personnel Management, Planning Document Schedule	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	July 1, 2024 through June 30, 2025	

1.1 MPO Administration						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 41,165.46	\$ -	\$ 2,058.27	\$ 8,233.09	\$ 51,456.82
5303 Planning	FTA	\$ 24,777.60	\$ 3,097.20	\$ 619.44	\$ 2,477.76	\$ 30,972.00
Total		\$ 65,943.06	\$ 3,097.20	\$ 2,677.71	\$ 10,710.85	\$ 82,428.82
FY26 FTA 5303 Estimated						
5303 Planning	FTA	\$ 41,700.70	\$ 5,213.00	\$ 1,042.00	\$ 4,170.00	\$ 52,125.70

1.2 Operations/Unified Planning Work Program

Objective	To identify work tasks to be undertaken by the VLMPO and ensure compliance with applicable federal, state and local requirements.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
1, 2, 3, 4, 5, 6, 7, 8, 9, 10		
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
None	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	
Previous Work	FY24 UPWP, FY24 Quarterly Reports and Invoices for FHWA PL and FTA 5303/5307 funds, FY23 Annual Report	
FY25 Activities		
<p>Draft and, as necessary, revise the annual UPWP (draft due: November; final due: March), encompassing the creation of work tasks, cost estimates, and financial reports. Generate quarterly reports, invoices, and reimbursement requests for submission to GDOT and local partners. Compile an annual report scrutinizing the activities of the past fiscal year.</p> <p>Formulate applications/resolutions for the GAMPO PL Funds Review Committee to seek additional PL funds upon request from local governments (refer to Element 5.4). Craft scopes of work and/or purpose and need statements for each item in the five-year business plan that may necessitate future consultant involvement.</p> <p>Compose scopes of work and procurement items for projects outlined in Element 5.4 of this UPWP, as per requests from local governments. Renew and/or reissue the ongoing SGRC Planning and Transportation Department staff support consultant contract as deemed necessary and appropriate.</p>		
Products	FY24 Final Quarterly Report/Invoice, FY24 Annual Report, FY25 UPWP Amendments (if any), FY25 Quarterly Reports, Draft FY25 UPWP	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Quarterly Reports in July 2024, October 2024, January 2025 and April 2025, FY24 Annual Report in July 2024; FY25 UPWP Draft for Review in November 2024, FY25 UPWP Approval in March 2025.	

1.2 UPWP						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 6,098.59	\$ -	\$ 304.93	\$ 1,219.72	\$ 7,623.23
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 6,098.59	\$ -	\$ 304.93	\$ 1,219.72	\$ 7,623.23

1.3 Training/Professional Development

Objective	To develop staff professional and technical knowledge of transportation planning through relevant conferences, workshops, and webinars.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
1, 2, 3, 4, 5, 6, 7, 8, 9, 10	1, 2, 3, 4, 5, 6, 7, 8	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
44.22.00	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	
Previous Work	Attendance at various FHWA, TRB, GPA, APA, GAMPO, and GDOT events.	
FY25 Activities		
<p>Deliver ongoing education and training for VLMPO staff and committees, ensuring their proficiency in executing the transportation planning process. This encompasses various areas such as staff development, performance measures, Environmental Justice/ADA/Title VI compliance, transportation planning, GIS and visualization techniques, and other emerging innovations.</p> <p>Potential conferences for attendance by staff and committee members may include, but are not limited to (cost estimates in parentheses indicate registration/travel/salary): GA Planning Association (\$2200 x2), GA Transit Association (\$2200 x2), American Planning Association (\$5000), National Planning Conference (\$5000), Transportation Research Board (\$5000), GA Association of MPOs, National Association of MPOs (\$4000), GA Highway Safety Conference (\$2200), National Association of Development Organizations (\$4000), along with other training sessions offered by FHWA, FTA, GDOT, NTI, or NHI. Travel expenses will adhere to SGRC Travel Policies, based on Federal per diem rates. Costs unrelated to training and education events are accounted for in other work elements of this UPWP.</p> <p>Staff will maintain a training tracker to document training hours in accordance with SGRC policy and for other reporting purposes.</p>		
Products	Attendance at various meetings and conferences (identified above).	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Varies depending on events; July 1, 2024 through June 30, 2025	

1.3 Staff Education						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 18,295.76	\$ -	\$ 914.79	\$ 3,659.15	\$ 22,869.70
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 18,295.76	\$ -	\$ 914.79	\$ 3,659.15	\$ 22,869.70
FY26 FTA 5303 Estimated						
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -

1.4 Computer Supplies/Technical Assistance

Objective	To maintain computer systems and office supplies used for relevant transportation planning activities.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
	1, 2, 3, 4, 5	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
None	2	
Previous Work	Annual ArcGIS licenses, other software maintenance fees, SGRC IT Dept. Technical Assistance (ongoing)	
FY25 Activities		
<p>The VLMPO will procure and sustain essential computer resources (hardware, software), as well as mobile communication tools (including service fees), to adequately support staff in effectively executing the VLMPO transportation planning process in accordance with the SGRC Procurement Policy. Estimated costs for computer supplies (computer, monitors, keyboard, mouse, etc.) and software (MS Office Suite, Adobe Reader Pro, ArcGIS, etc.) are projected to be \$3,000 per user.</p> <p>VLMPO staff will continue to maintain the computer supplies and software it utilizes through the technical support provided by the SGRC IT department. This support includes tasks such as regular updates, maintenance, and troubleshooting, specifically to ensure correspondence and presentations to VLMPO committees and partners can be achieved with little to no technological interference or difficulty.</p>		
Products	Software purchases and updates; purchase of computer supplies necessary to complete transportation planning activities, IT technical assistance.	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Varies, depending on needs; July 1, 2024 through June 30, 2025	

1.4 Computer Systems						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 6,098.59	\$ -	\$ 304.93	\$ 1,219.72	\$ 7,623.23
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 6,098.59	\$ -	\$ 304.93	\$ 1,219.72	\$ 7,623.23

2. PARTICIPATION PLAN IMPLEMENTATION

2.1 Outreach/Education/EJ/Title VI/LEP

Objective	To implement the strategies and policies of the VLMPO Participation Plan including: Title VI Compliance, Environmental Justice, and LEP.
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas
1, 2, 3, 4, 5, 6, 7, 8, 9, 10	2, 4
FTA Activity Line Items	CCV and Vision2045 Goals/Objectives
44.22.00	2,5,10
Previous Work	FY23 Annual Report including Title VI, EJ and LEP sections, 508 website and document compliance, Update of Participation Plan, Regular social media and website updates
FY25 Activities	
<p>Outreach and Education: Staff will persist in conveying, educating, disseminating information, fostering transparency, and visually illustrating how the transportation planning process impacts all FHWA planning factors and FTA and FHWA Planning Emphasis Areas. This will be accomplished through regularly inclusive public involvement opportunities associated with key documents such as the Metropolitan Transportation Plan (MTP), Transportation Improvement Program (TIP), Participation Plan (PP), and others, targeting both the general public and elected officials.</p> <p>Non-traditional community planning partners will be engaged and informed through the Citizen’s Advisory Committee about the transportation planning process, with an emphasis on promoting the Greater Lowndes County Common Community Vision as a strategic framework for the community. Leveraging techniques outlined in the Participation Plan, including Virtual Public Involvement, staff will work on developing a communications plan that delineates the key aspects of MPO-related messaging—answering the who, what, when, where, why, and how.</p> <p>The creation and maintenance of websites and social media platforms will be continued to provide the public and local government decision-makers with the latest and most relevant data and information about the VLMPO transportation planning process. The Participation Plan will be updated to explicitly outline how these mediums will be utilized for engaging the public. Additionally, staff will enhance graphical, marketing, and visualization skills to better communicate transportation data and concepts. Public involvement strategies, as outlined in the PP, will be implemented as needed for the development and updating of various documents, including, but not limited to, defining/updating participation objectives in the Vision2045 Metropolitan Transportation Plan and other transportation planning initiatives.</p> <p>Participation Plan (EJ/Title VI/LEP) Implementation/Maintenance: Regularly review, update, and annually report on the status of the Participation Plan, Title VI compliance, Environmental Justice (EJ) outreach, and Limited English Proficiency (LEP) analysis. Staff will attend annual training events and continuously analyze EJ, LEP, and Title VI populations to ensure that all communities have access to essential services and opportunities to participate in the transportation planning process. Ongoing implementation of the PP will be coupled with reporting on the performance measures outlined in the document. The development of GIS-based data resources will aid in analyzing and evaluating the social and environmental impacts or opportunities associated with transportation improvements.</p>	
Products	FY24 Annual Report PP Section, PP Updates (if any), Website/Social Media updates, PP implementation
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	Varies based on technique used from daily social media posts, weekly website updates, public comment periods as needed and other community events; July 1, 2024 through June 30, 2025

2.1 Public Participation						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 15,246.47	\$ -	\$ 762.32	\$ 3,049.29	\$ 19,058.08
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 15,246.47	\$ -	\$ 762.32	\$ 3,049.29	\$ 19,058.08

3. COMPREHENSIVE PLANNING/RESEARCH

3.1 GIS/Travel Demand Model (TDM) Development

Objective	To develop and maintain GIS layers needed for the transportation planning process and to ensure effective use of the Travel Demand Model.	
FHWA Planning Factors		FHWA/FTA Planning Emphasis Areas
2, 3, 4, 6, 7, 8, 9		3, 4, 10, 11
FTA Activity Line Items		CCV and Vision2045 MTP Goals/Objectives
None		1,5,7,13
Previous Work	Various GIS layers developed and updates (roads, bridges, etc.) for studies/plans and analyses, GIS web apps for 2045 MTP and the FY24-27 TIP	
FY25 Activities	<p>Collaborate with the Valdosta-Lowndes Regional GIS Department (VALOR) at the SGRC to establish and maintain GIS data, along with a dedicated project website showcasing descriptions, cost/phase details of transportation projects outlined in the Transportation Improvement Program (TIP) and Metropolitan Transportation Plan (MTP). Develop a schedule for updating key layers crucial for staff operations. Support the SGRC Regional Plan's Goal ED-1 by creating GIS layers for infrastructure, such as stormwater and transportation infrastructure. Continuously educate local officials on the significance of the travel demand model and its application in transportation planning decision-making. Generate GIS-based data resources to monitor performance measures and targets (when data is available) on roadways before and after improvements. Review GIS resources alongside local Hazard Mitigation Plans, the Electric Vehicle Implementation Strategy Plan, and the Lowndes County Vulnerability Assessment to identify and address potential impacts to transportation infrastructure susceptible to extreme weather events.</p> <p>Devise GIS-based data applications to monitor existing multimodal facilities and explore new facilities, aiming to establish a safe and accessible network for all users.</p> <p>Utilize GIS for data analysis and visualization to illustrate regional transportation patterns, particularly those affecting travel from surrounding communities into the VLMPO Planning Area.</p> <p>Leverage GIS tools to analyze performance measure data, enabling the VLMPO to inform local officials about trends and set target areas, as well as to assess projects for potential inclusion in the MTP and TIP. The outputs of GIS data analysis and other visualization techniques will be utilized to convey information about how transportation improvements can positively impact planning factors.</p>	
Products	Various GIS layers, databases and websites and commute pattern maps to help with research and analyses; website updates	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Varies based on needs of the projects and available data; July 1, 2024 through June 30, 2025	

3.1 GIS/Travel Demand Model						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04

3.2 Land Use Planning

Objective	To analyze the impacts of land use and transportation improvements to ensure consistency with the Vision2045 Metropolitan Transportation Plan, the 2050 MTP, and transportation and land use planning best practices.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
2, 3, 4, 6, 7, 8, 9, 10	1, 3, 4, 5, 6, 7, 10	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
None	1,5,6,9,14	
Previous Work	Weekly review of local land use changes/requests from local governments via email and Technical Review meetings, Valdosta Neighborhood Plans	
FY25 Activities		
<p>Collaborate with local land use planning staff to assess various land use developments such as zoning requests, subdivision plats, and commercial developments, considering their impact on local transportation infrastructure and alignment with the goals outlined in the Vision2045 Metropolitan Transportation Plan (MTP). Offer technical assistance to local engineers and planners on transportation and land use topics, encompassing access management, transit-oriented development, complete streets, environmental impacts, and the revitalization of neighborhoods, including initiatives for affordable housing.</p> <p>Utilize the transportation planning process as an opportunity to identify and analyze the potential for a sustainable transportation network, incorporating features like electric vehicle charging stations, and evaluating transportation system vulnerabilities in relation to land uses and environmental linkages.</p> <p>Collaborate with VLMPO jurisdictions, FHWA, and DOD planning partners to collectively update and implement local transportation and comprehensive (and regional) plans. This collaborative effort aims to facilitate the creation of an efficient highway network around DOD land and transportation uses. Coordinate to establish optimal land use and transportation practices within comprehensive plans, aligning with the requirements of the GA Department of Community Affairs, which emphasizes transportation planning requirements and transportation-land use relationships. Continue to inform the public and stakeholders about the Greater Lowndes County Common Community Vision and advocate for its adoption as a strategic vision for the community.</p> <p>The VLMPO will continue offering direction for the expansion and revitalization of the VLMPO area in alignment with the Vision2045 MTP, the local Comprehensive Plan, Bicycle/Pedestrian Master Plan, transit plans, and other pertinent local/regional plans and studies. Highlight the significance of investing in public transportation infrastructure to foster neighborhood redevelopment, bolster initiatives for affordable housing, and advance equity objectives.</p> <p>Encourage the creation of gateways into the community that enhance visual appearance and mitigate natural/human environmental impacts of transportation. Review, share, and update the 2045 Socioeconomic Data Study as needed, making it accessible for use by other organizations.</p>		
Products	Participation in local Comprehensive Plan Updates, technical assistance provided to local jurisdictions, neighborhood plans	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Varies based on local needs; July 1, 2024 through June 30, 2025	

3.2 Land Use Planning						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04

3.3 Inter-/Multi-Modal Transportation Planning

Objective	To improve the movement of goods and people through planning for freight, and bicycle and pedestrian modes.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
2, 3, 4, 6, 7, 8	1, 2, 4, 5, 6, 7, 10	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
None	1,2,3,4,5,9,11,12	
Previous Work	School-based crash reports, GIS mapping of school zones and bike/ped infrastructure, Complete Streets Policy, Vision2045 MTP robust section that highlights freight in the VLMPO	
FY25 Activities		
<p>Sustain collaboration with local and state jurisdictions to execute the Bike/Ped Master Plan and provide regular updates on the progress of its implementation. Evaluate the potential development of Complete Streets Policies for the City of Valdosta and Lowndes County, responding to requests from local governments. Actively advocate for the VLMPO Complete Streets policy and prioritize multi-modal projects within the planning process and project considerations. Explore avenues for enhancing data on bicycle and pedestrian usage in the region, such as utilizing traffic video analysis, fitness apps, etc. Investigate funding options for bicycle and pedestrian projects, including the exploration of social impact bonds. Work towards improving transportation planning to contribute to the overall health of the local population.</p> <p>Collaborate with other SGRC transportation planning programs to coordinate efforts on Safe Routes to School participation, regional bicycle and pedestrian planning activities (such as complete streets workshops, health and transportation initiatives, etc.) within the VLMPO Planning Area. Solicit and consider feedback from bicycle and pedestrian advocates regarding safety and infrastructure concerns in the community.</p> <p>Implement recommendations from the Transportation Demand Management Report within the VLMPO Planning Area. Integrate transit-oriented development planning where applicable and consider the potential need for micro-mobility. Develop ordinances supporting the installation of Electric Vehicle charging stations for new or renovated buildings and actively promote alternative fuels in the community.</p> <p>In the realm of Freight and Intermodal Activities, persist in integrating freight and goods movement planning and analysis into both long- and short-range planning endeavors. Regularly update data and conduct analyses to understand how freight and goods movement impact economic development in the region, utilizing resources such as NPRMDS, disaggregated FAF5 data, and other relevant data sources. Coordinate VLMPO planning efforts with other local transportation modes, including railroads, airports, seaports, to inform and influence the planning and implementation of transportation improvements.</p>		
Products	Freight Research and Analysis, Bike/Ped Safety Information/ Reports	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	other items vary based on local needs - July 1, 2024 through June 30, 2025	

3.3 Inter-/Multi-Modal Planning						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -

3.4 Systems Data Analysis and Research

Objective	To develop and maintain on-going data collection programs to monitor current and historic operational characteristics of the transportation network.
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas
1, 2, 3, 4, 5, 6, 7, 8, 9	1,3,4,5,7,11
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives
None	7,8,13,14
Previous Work	FY24 Annual Crash Report, GIS data analysis and web app development
FY25 Activities	
<p>Continue the development of an Annual Crash Report, analyzing crash data for local governments to identify safety improvements achievable through new projects or educational programs. Facilitate Road Safety Audits (RSAs) with local jurisdictions upon request to pinpoint solutions for safety and operational concerns.</p> <p>Advocate for and provide guidance to local governments in creating transportation asset management plans, taking a leadership role in developing a regional transportation improvement plan.</p> <p>Maintain collaboration with GDOT and local jurisdictions, as requested, in the implementation of Intelligent Transportation Systems and architectures within the Metropolitan Planning Area. Regularly review, update, and act on recommendations from the VLMPO Connected and Autonomous Vehicles (CAV) Assessment. Implement recommendations from the VLMPO Electric Vehicle (EV) Infrastructure Strategy report in collaboration with local jurisdictions, including the preparation of ordinances mandating EV charging stations for new or renovated buildings. Staff will assist local governments in preparing model ordinances.</p> <p>Coordinate the development and analysis of data with GIS resources to enhance visualization for local decision-makers in various VLMPO plans and projects. Develop GIS-based data resources to monitor performance measures and targets (where data is available) on roadways before and after improvements. Utilize GIS data analysis outputs and other visualization techniques to convey information about how transportation improvements positively impact planning factors.</p> <p>Identify data needs for the implementation of MAP-21, the FAST Act Performance Measures, IJJA, and the Vision2045 MTP, as required and in consultation with GDOT and local partners. Procure necessary and relevant data for performance measurement and analysis of the transportation system and its impact on regional economic development. Collect and analyze data, developing trends and targets for project selection and prioritization. Continuously report on various data trends influencing transportation planning in the region. Educate local officials on the importance and necessity of additional data and analyses to complete performance measure trend analyses and target setting.</p>	
Products	Annual Crash Report, RSAs as requested, other transportation data reports
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	Crash Report - June 2024; other items vary based on local needs - July 1, 2024 through June 30, 2025

3.4 Systems Data Analysis						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 10,672.53	\$ -	\$ 533.63	\$ 2,134.51	\$ 13,340.66
5303 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$ 10,672.53	\$ -	\$ 533.63	\$ 2,134.51	\$ 13,340.66

4. SAFE ACCESSIBLE TRANSPORTATION OPTIONS

4.1 Increase Safe Accessible Transportation Options

Objective	To improve the movement of goods and people through planning for freight, transit and bicycle and pedestrian modes.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
2, 3, 4, 6, 7, 8	1, 2, 4, 5, 6, 7, 10	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
None	1,2,3,4,5,9,11,12	
Previous Work	School-based crash reports, GIS mapping of school zones and bike/ped infrastructure, Complete Streets Policy, Vision2045 MTP robust section that highlights freight in the VLMPO	
FY25 Activities		
<p>Increase Safe and Accessible Transportation Options</p> <p>The MPO is committed to allocating a minimum budget towards initiatives such as the adoption of complete streets standards and policies, the formulation of a complete streets prioritization plan, active and mass transportation planning, crash analyses, and regional/megaregional planning aimed at addressing travel demand through alternatives to highway travel per federal guidelines under the Increasing Safe and Accessible Transportation Options. This new category will be implemented through activities aligning with the VLMPO Complete Streets Policy, including the annual Crash Report and the creation of a complete streets prioritization plan. Concurrently, ongoing planning efforts related to transit-oriented development will be continued to broaden access to public transit.</p> <p>Maintain collaboration with local and state jurisdictions to execute the Bike/Ped Master Plan, regularly reporting on the status of its implementation. Consider developing Complete Streets Policies for the City of Valdosta and Lowndes County as needed, responding to requests from local governments. Continue to advocate for the VLMPO Complete Streets policy and prioritize multi-modal projects within the planning process and project considerations. Explore diverse options, including enhanced data on bicycle and pedestrian usage in the region (utilizing traffic video analysis, fitness apps, etc.), securing funding for bicycle and pedestrian projects (including social impact bonds), and refining transportation planning to contribute to the improved health of the local population.</p> <p>Collaborate with other SGRC transportation planning programs, coordinating efforts on Safe Routes to School participation and regional bicycle and pedestrian planning activities within the VLMPO Planning Area. Gather and consider feedback from bicycle and pedestrian advocates concerning safety and infrastructure in the community. Continue to update data and conduct analyses to understand the impact of freight and goods movement on economic development in the region. Utilize resources such as NPRMDS, disaggregated FAF5 data, and other relevant data sources for this purpose. Coordinate VLMPO planning initiatives with other local transportation modes, including railroads, airports, seaports, to contribute insights that inform and influence the planning and implementation of transportation improvements.</p>		
Products	Transit, Bike/Ped Safety, and Freight Information/ Reports/ Public Participation	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	other items vary based on local needs - July 1, 2024 through June 30, 2025	

4.1 Safe Accessible Transportation Options						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$

5. TRANSPORTATION SYSTEMS PLANNING

5.1 Transportation Improvement Program

Objective	To develop, maintain and implement a fiscally constrained Transportation Improvement Program in cooperation with local and state planning partners.
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas
1, 6, 7, 8, 9	1,2,3,4,5,6,7,8,10,11
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives
44.25.00	1,5,7,14
Previous Work	FY2021-2024 TIP Amendments and modifications, Drafting of the FY24-27 TIP
FY25 Activities	
<p>The VLMPO will persist in collaborating with GDOT and local planning partners to prioritize, develop, and execute projects within the current FY24-27 Transportation Improvement Program (TIP). This involves active participation in meetings and conducting necessary analyses to select and prioritize projects. The implementation of national goals and performance measures in the TIP will be coordinated with local and state partners. The processing of TIP amendments and administrative modifications will be continued in adherence to adopted policies, including those specified in the Participation Plan (PP), in coordination with GDOT and local jurisdictions. Technical support for projects within the TIP will be consistently provided.</p> <p>Sustain coordination with GDOT and local transit providers to update and report on performance targets/measures in the TIP and System Performance Report.</p> <p>Maintain a project tracking tool and GIS database to furnish the public and planning partners with information on project development and timelines.</p> <p>Continue collaborative efforts with the City of Valdosta to prioritize and implement projects, plans, and policies.</p> <p>Persist in exploring novel and innovative funding opportunities, such as unique grants and social impact bonds to facilitate transportation improvements.</p>	
Products	FY2024-2027 TIP amendments and/or administrative modifications as needed
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	Items vary based on local needs - July 1, 2024 through June 30, 2025

5.1 TIP						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$ 7,623.23	\$ -	\$ 381.16	\$ 1,524.65	\$ 9,529.04
5303 Planning	FTA	\$ 3,097.20	\$ 387.15	\$ 77.43	\$ 309.72	\$ 3,871.50
Total		\$ 10,720.43	\$ 387.15	\$ 458.59	\$ 1,834.37	\$ 13,400.54

5.2 Metropolitan Transportation Plan

Objective	To maintain, amend, and monitor a 25-year fiscally responsible metropolitan transportation plan.	
FHWA Planning Factors	1, 2, 3, 4, 5, 6, 7, 8	FHWA/FTA Planning Emphasis Areas 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11
FTA Activity Line Items	None	CCV and Vision2045 MTP Goals/Objectives 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14
Previous Work	Maintained/Updated the Vision2045 Metropolitan Transportation Plan as needed through amendments and modifications, Report on implementation of Vision2045 MTP initiatives in the FY24 Annual Report	
FY25 Activities		
<p>Oversee, modify, and implement the Vision2045 Metropolitan Transportation Plan as a performance-based planning document in collaboration with GDOT and local partners, aligning with federal laws and regulations (in support of Lowndes Comp Plan Item 7). Continuously maintain (amend), update, and implement the Vision2045 MTP as necessary, following amendment procedures and public involvement protocols outlined in the Participation Plan (PP). Collaborate with GDOT and local transit operators to report and implement performance targets/measures in the MTP and System Performance Report. Monitor the Vision2045 MTP implementation through the VLMPO annual report and other reporting methods, and uphold the Vision2045 MTP project-specific website.</p> <p>Continue collaborating with GDOT and local partners to prioritize and execute projects outlined in the MTP and TIP, attending meetings and conducting analyses for a comprehensive, coordinated, and continuous MTP. Actively inform the public and stakeholders about the Greater Lowndes County Common Community Vision and advocate for its adoption as a strategic vision for the community. The MTP development process and content will continue to prioritize equity, economy, climate change/resiliency, and COVID relief efforts.</p> <p>Initiate the drafting of the 2050 Metropolitan Transportation Plan through consulting services, leveraging PL funding to engage a consultant for comprehensive assistance. Recognizing its significance, the 2050 MTP stands as one of the core documents of the Valdosta-Lowndes Metropolitan Planning Organization. Its development will encompass changes in the Metropolitan Planning Area over the past five years, requiring detailed analyses of transportation improvements/infrastructure, land use scenarios, public transit, environmental mitigation, Environmental Justice populations, equity, freight, and other factors influencing the VLMPO area. The 2050 MTP will include a 2050 Socioeconomic Data Study Report to inform transportation models and analysis, offering insights into infrastructure needs based on population and growth area projections. Building upon planning documents from the past five years, the 2050 MTP will guide and implement future infrastructure plans.</p>		
Products	Maintain the current Vision2045 Metropolitan Transportation Plan as needed, Continue to draft the 2050 MTP, Report on implementation of Vision2045 MTP in the FY24 Annual Report	
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)	
Schedule:	Vision2045 MTP Annual Report July 2024, other items vary based on local needs - July 1, 2024 through June 30, 2025	

5.2 Metropolitan Transportation Plan / Long-Range Planning						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$

5.3 Transit Planning

Objective	To plan for effective, affordable and accessible public transportation options and alternatives in the Metropolitan Planning Area.
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas
2, 3, 4, 6, 7	2, 3, 4, 5, 6, 7, 11
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives
44.22.00	1,2,3,4,5,7
Previous Work	Research and technical assistance to the City of Valdosta for the Valdosta On-Demand Public Transit System, reports/analysis as requested by planning partners
FY25 Activities	
<p>VLMPO staff will consistently offer ongoing administration and assistance in transit planning to the transit systems of Lowndes, Brooks, Berrien Counties (all 5311 rural systems), and the City of Valdosta's urban public transit system, including any prospective rural regional transit initiatives within the Metropolitan Planning Area.</p> <p>Offer guidance in implementing recommendations, as appropriate, from the FY2016 Transit Implementation Study and other previous studies to steer the development of the City of Valdosta's Urban Public Transit System. Collaborate with the City of Valdosta Public Transit System department to sustain a Public Transportation Plan. FTA 5307 funds may be utilized to engage a consultant for future planning of the urban public transit system in the City of Valdosta, based on the data collected and analyzed from the public transit system. The City of Valdosta will provide local match funds for this project.</p> <p>Formulate a Coordinated Human Services Transportation Plan to foster partnerships, employ GIS mapping to identify underserved populations (Title VI/EJ), enhance trip generation, address short-term goals, ensure access to mobility, and improve the accessibility and mobility of regional activity centers, aligning with long-term core goals and changing needs and demands related to the City of Valdosta's urban public transit system, as directed by local governments through a Transit-Oriented Development Guide.</p> <p>Coordinate with GDOT and local transit operators to update and amend the TIP, MTP, and System Performance Report, encompassing National and FTA performance targets/measures and projects. Sustain coordination in transit planning with rural and human service providers, collaborating with GDOT, SGRC Coordinated Transportation Program, Department of Human Services, SGRC Area Agency on Aging, and other stakeholders.</p> <p>Participate and present information related to transit activities before municipalities and/or relevant committees. Provide data analysis and reports upon request by local or state officials concerning current or future transit operations. Continuously assess the accessibility and mobility of Environmental Justice (EJ) populations to reach regional activity centers across the VLMPO region, considering the impact of various transportation modes on the accessibility and mobility of these populations.</p>	
Products	Transit-Oriented Development Guidebook, Research and technical assistance to the City of Valdosta for the Valdosta On-Demand Public Transit System, Reports/analysis as requested by planning partners
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	Varies, depending on needs; July 1, 2024 through June 30, 2025

5.3 Transit Planning

5.4 Special Transportation Studies

Objective	To conduct planning level analysis of alternatives for transportation projects identified in the Vision2045 MTP or by the transportation planning process.	
FHWA Planning Factors	FHWA/FTA Planning Emphasis Areas	
1, 2, 3, 4, 5, 6, 7, 8	1,2, 3, 4, 5, 6, 7, 8, 9, 10, 11	
FTA Activity Line Items	CCV and Vision2045 MTP Goals/Objectives	
	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	
Previous Work	The City of Hahira/ North Lowndes Soccer Complex Access Study/Report, 2050 MTP PL Funds Application and RFP, Ongoing Urban Transit Implementation and future transit planning, various other studies TBD	

FY25 Activities

The projects contained in this section are for discretionary funds that have been applied for or will be applied for by the VLMPO. Projects included below have been prioritized by VLMPO staff and either are both funded and unfunded initiatives where funding is subject to additional approval by the VLMPO committees, GDOT and FHWA.

FUNDED PROJECTS:

The 2050 Metropolitan Transportation Plan is one of the most important core documents of the Valdosta-Lowndes Metropolitan Planning Organization. The development of a new 2050 MTP will include the various changes that the Metropolitan Planning Area has experienced over the last five years. Due to the expedited growth and the implementation of the Transportation Investment Act that was implemented in the region, more detailed analyses need to be conducted concerning transportation improvements/infrastructure and land use scenarios, public transit, environmental mitigation, Environmental Justice populations and equity, freight, and other areas that impact the VLMPO area. The 2050 MTP will also include a 2050 Socioeconomic Data Study Report to guide both the transportation models and analysis. This study will help to inform the 2050 Long Range Metropolitan Transportation Plan. This study will provide the basis for future infrastructure needs based on population and growth areas projections. The 2050 MTP will build upon and help to implement other planning documents that have been conducted over the past five years.

2050 Metropolitan Transportation Plan (Funded)

Total \$300,000 (\$240,000 Federal; \$60,000 Local)

Project start date is October 1, 2023. Project end date is August 1,2025.

Products	2050 MTP Process - Cost \$300,000
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	July 1, 2024 through June 30, 2025

UNFUNDED Projects:

Park Avenue Corridor Study

The Park Avenue Corridor Study will analyze the entire Park Avenue corridor and provide best transportation planning solutions for operational, physical, and resilient transportation infrastructure improvements. There are five schools located in very close proximity to one another along this corridor and general operation vs. capacity improvements should be considered along this corridor. A large portion of this corridor is located within a flood zone as well as the flood way. This study will also analyze hazards, such as flooding, and provide resiliency and mitigation strategies as well as best transportation, land use/zoning practices to be implemented along this corridor. This study has an estimated cost of <\$150,000.

Product/ Est. Cost	Park Avenue Corridor Study - Estimated Cost - <\$150,000
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed)
Schedule:	TBD

City of Valdosta Analysis of the Capabilities and Preparedness of the Transportation Network for Smart Infrastructure and Connected Autonomous Vehicles

This analysis will examine the current transportation network and intelligent traffic signal system already in place and identify gaps that will need to be filled to integrate the existing environment with new smart infrastructure. This analysis will also provide strategies to help create a short, mid, long-term range of potential policies and infrastructure projects to be undertaken using various VLMPO transportation planning documents such as the Autonomous and Connected Vehicle Implementation Matrix. This analysis has an estimated cost of <\$150,000.

Product/ Est. Cost	Smart Infrastructure Preparedness - Est. Cost - < \$150,000
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed).
Schedule:	TBD

Development of a Transit-Oriented Development Implementation Study

This study will analyze the public transit data trends and consider the placement of potential transit hubs to increase accessibility, mobility, economic opportunities and other areas of improvement within the VLMPO area. It will highlight specific transit improvements to disadvantaged neighborhoods based on a list of characteristics such as age, disability, minority, etc. The estimated cost of this study is \$200,000.

Product/ Est. Cost	Transit-Oriented Development Implementation Study - Est. Cost - >=\$200,000
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed).
Schedule:	TBD

Local Road Safety Action Plan

This plan will assess the vulnerabilities that exist in the transportation network for bicyclist and pedestrians. This plan is required to have access to federal funding under IIJA for transportation infrastructure improvements. The estimated cost of this study is >\$100,000.

Product/ Est. Cost	Transit-Oriented Development Implementation Study - Est. Cost - >=\$200,000
Agency	SGRC Planning and Transportation Staff (VLMPO), Staff Support Consultant (as needed).
Schedule:	TBD

VLMPO staff will apply for FHWA discretionary funds, which are not formula funds to complete these transportation initiatives. The total estimated cost of these unfunded projects is \$650,000.

5.4 Special Studies						
Funding Source	Agency	Federal \$	State \$	SGRC \$	Local \$	Total \$
MPO PL	FHWA	\$240,000.00	\$ -	\$ -	\$ 60,000.00	\$300,000.00
5303/7 Planning	FTA	\$ -	\$ -	\$ -	\$ -	\$ -
Total		\$240,000.00	\$ -	\$ -	\$ 60,000.00	\$300,000.00

6. VLMPO BUSINESS PLAN

Objective	To provide VLMPO planning partners information on currently unfunded projects and future required planning activities that are part of carrying out the core functions of the VLMPO.		
	Product	Cost Estimate	Timeline
	Economic Impact of Local Transportation Programs/Projects Study (consultant led) (see Vision2045 MTP) - further discuss with GDOT and other VLMPOs	< \$50,000	FY2025
	Replace Computer Hardware/Software for at least 1 employee	\$2,200	FY2025
	Replace Computer Hardware/Software for at least 1 employee	\$2,200	FY2027
	Lowndes County Gateway Improvement and Implementation Plan	< \$50,000	TBD
	Inland Port/Intermodal Facility Feasibility Study	\$50,000	TBD
	Gateway Improvement Plan for Ashely Street Norman Drive/SR 133- St. Augustine Road - planted medians, transition to underground utilities, complete streets infrastructure	<\$50,000	TBD
	Wayfinding Implementation Study	<\$25,000	TBD
	Feasibility of Railroad Quiet Zones	<\$25,000	TBD
	Prioritization and development of multi-purpose trails	>=\$10,000	TBD
	School Traffic and Sidewalk Safety Audits (<\$5,000 each)	<\$130,000	TBD
	Traditional Intersection to Roundabout Conversion Study and Recommendations	<\$100,000	TBD

22. Tanner Herrington	City of Valdosta	Member
23. Vacant	City of Dasher	Member

The CAC serves as a public information and involvement committee that represents a cross section of the community in diversity and interests.

The Citizen's Advisory Committee meets on the first Tuesday of the month at 3:00pm the last month of each quarter (March, June, September, and December).

For more information, please contact Amy Martin, Transportation Director, at 229-333-5277 or at amartin@sgr.us.

FY24 VLMPO Transportation Advisory Committee Membership

Voting Members:

1. Benjamin O’Dowd	City of Valdosta, Engineer	Chairman
2. Mike Fletcher	Lowndes County, Engineer	Vice-Chairman
3. Scott Chambers	GDOT District 4, Engineer	Member
4. Vanda Randovic	GDOT, Transportation Planner	Member

Non-Voting Members:

5. Jeff Hill	Lowndes County Schools
6. Ricky Thomas	Valdosta City Schools, Trans. Director
7. Vacant	Bicycle/Pedestrian Advocate
8. Joseph Longo	FHWA – GA Division
9. Ashley Tye	Lowndes County Emergency Mgmt. Dir.

The TAC is a technical committee of professionals advising the policy committee on technical matters relating to transportation plans and programs. The TAC is made up of city and county engineers, GDOT District engineers, GDOT planners, local school board representatives, bike and pedestrian advocates, and emergency response officials.

The Technical Committee meets on the 1st Wednesday of the month at 9:00am each quarter (March, June, September, and December).

For more information, please contact Amy Martin, Transportation Director, at 229-333-5277 or at amartin@sgrc.us.

Document Title:		FY2025 VLMPO UPWP			Project Number:	Valdosta	
Document Date:		January Draft			Comment Date:	2-1-24	
Comment #	PDF Page	Section	¶	Comment	Response	New Page	
1		General Comment		<p>Please revise the language of the following FY25 activities to further demonstrate PL eligibility. Leading with and emphasizing the connection of the activities with this MPO’s processes and products would help improve transparency.</p> <p>Task 1.4 – last paragraph. Task 3.2 – fourth paragraph.</p>	Both sections have been updated to better reflect PL eligibility and the overall goals of the MPO thorough such tasks/activities.	18 21	
2	13	FY25 UPWP Highlights /Priorities		To better capture MPO staff time and effort for FY25, consider adding the FY26 UPWP and PEA implementation as FY25 priorities.	Document has been updated to reflect the drafting of the FY25 UPWP and the PEA’s as FY25 priorities.	13	
3	13	2045 MTP and CCV		The CCV objectives are now dated since a new Transportation Authorization was passed after 2014. Consider adding an update to the CCV, based on BIL/IIJA, as an FY25 activity to support MTP development.	The current statement in this section, “The Common Community Vision for Greater Lowndes County will be revisited during the 2050 MTP process for potential updates to the vision and goals of the VLMPO” has been updated to reflect the impact of BIL and IIJA.	14	
4	24	Task 4.1		In the first paragraph, swap “Safe Streets for All initiative” with “Increasing Safe and Accessible Transportation Options.” Will MPO staff utilize Y410 funds to develop the annual Crash Report?	This section has been updated to “ Increasing Safe and Accessible Transportation Options.” Yes, the MPO is currently utilizing the Y410 funds for the Annual Crash Report. Y410 funds may be used for the FY25 Crash Report or another transportation related plan. This section has been updated to reflect the possibility of using the funds for the FY25 Annual Crash Report.	24	
5	25	Task 5.1		The FY25 activities in Task 5.1 are dated. Please revise this task to reflect the work that will be performed in FY25 for the TIP.	This has been updated to reflect the current adopted FY24-27 TIP.	25	
6	28-30	Task 5.4		There is only one set of product and funding tables for the funded and unfunded studies in Task 5.4. To improve the readability of this section and consistency with this UPWP, please include a product table and funding table following each funded study. Also, the Hahira Area Traffic Studies	This section has been updated to reflect stated recommendations.	28-29	

				can be removed from the FY25 UPWP since they are now complete.
